v.5,no.4

We ask your special attention to the following statement:

The requirements of Sweet Briar College both for entrance and for the degree are similar to those of all other standard colleges. We desire only such students as are ready for college work and are personally desirous of undertaking the same. Our students generally find that they can do good college work and at the same time maintain both health and happiness. Naturally, we give preference in registration to students who are looking forward to four years of college study and to a degree at the end of that time. One or two years of college work is today not sufficient; trained women need college degrees.

NECESSARY PROCEDURE FOR ADMISSION.

The following papers must be on file in the Registrar's office *before your registration is confirmed.* The filing of these papers is *your* responsibility.

1. Application.
2. Complete Preparatory Record.
3. Transcript of College or University course if advanced credit is asked.
   Honorable dismissal.
4. Registration fee ($10.00).
5. Physician's certificate of health, covering freedom from chronic infections and successful vaccination within five years.
6. Final grades, and statement of graduation.

Application and record blanks are attached at the back of the catalogue. No blank for the physician's certificate is supplied by the college.

IMPORTANT. It is *essential* that *all* the data asked for in our record blank be given. Be sure that the number of books of plane geometry, number of books of Cæsar and Virgil and orations of Cicero are entered. The record is not accepted until complete.

The following articles are to be furnished by the student: An extra wool or down comfort, four single sheets, four pillow cases, six table napkins, towels, and couch cover, cushions and curtains if desired. In order to secure uniformity the college prefers that the napkins be purchased from the Director of the Refectory. These may be secured at wholesale price.

Students are urged to observe simplicity in dress. Extravagance in material or in style of clothing is unsuitable for college students. Extreme evening dresses will not be permitted.

Dark green serge bloomers and white middy blouses are required for gymnasium and sports.

A printed list of all students registered for the session, with their home and Sweet Briar addresses, will be sent you early in September. This is your notice of the location of your room and the name and home address of your room-mate. The list is sent at the earliest date possible. *Do not write about your room or room-mate.*

All rooms are comfortable, and comfortably furnished. There are, however, no private baths in the Residence Halls.

There are no suites in the Freshman Halls.

Freshmen are not placed in Carson or Gray, as these are exclusively upper-class Halls.

Certain Halls have a limited number of single rooms, which will be assigned in order of application when request is made for a single.

College opens September 19. You are expected to arrive on September 18. The Residence Halls are not open for occupation before September 18.

All entrance examinations will be given at Sweet Briar on September 19.

Sweet Briar is located in the country twelve miles from Lynchburg. Parents accompanying their daughters are advised to secure reservations at The Virginia Hotel, Lynchburg, Va., at least two weeks in advance.

The attention of parents is again called to the following important regulations of the College:

Students are not expected to leave College before the appointed hour at Christmas and spring vacations. Please do not make requests to have this rule set aside.

Students are required to return in time for their first class after any vacation; any violation of this regulation is most serious.

There is no recess at Thanksgiving.

Visitors to the College should make previous arrangements with Miss Dix, Director of the Halls of Residence, and may not stay in dormitory rooms.

The co-operation of parents and friends in these necessary regulations is urgently requested.
